About LTE

It's Good To Be Back!

In December 2019 Learning & Teaching Expo (LTE) attracted 13,435 delegates and visitors to its

successful 10th anniversary edition. More than 360 exhibition booths featuring educational suppliers from around the world presenting their new-to-Asia learning solutions and educational resources.

Over 300 school leaders, government officials, academics and educators hosted more than 250 free programmes at LTE, including keynote presentations, seminars, workshops, open lessons and school visits.

In 2020 we sadly needed to cancel LTE because of the global pandemic. However, in 2021 it is good to be back as LTE enters its eleventh year and packs two years of content and activity in to one show.

LTE 2021 provides an excellent platform for educational suppliers to exhibit and meet educational distributors plus buyers and school leaders from both government and international schools in Hong Kong, Mainland China and the Asia-Pacific Region.

LTE 2021 will take place from 8 to 10 December 2021 at Hong Kong Convention and Exhibition Centre. Please contact us now for exhibition booth reservation and visitor registration details.

Asia Education Market at a Glance

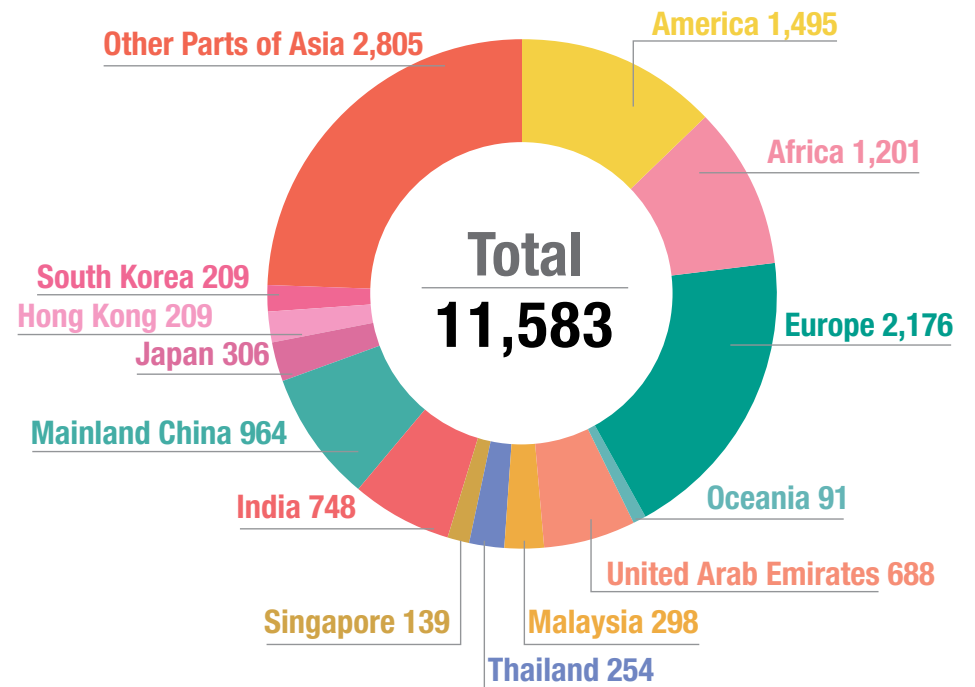

Kindergarten, K12 & Higher Education, approx.

The Asian education market is dynamic. Countries and regions continue to invest in education aiming to develop a better skilled and educated workforce.

Country / Region	Government Spending on Education (Billion US\$)	No. of Students	Spending on Education per Student (US\$)	No. of Schools	No. of Teachers
 Hong Kong	14	1,527,614	9,165	5,106	72,605
 Mainland China	651	282,597,106	2,303	518,816	20,907,111
 Japan	50.8	18,022,960	2,818	52,500	1,378,456
 Malaysia	14.1	~6,450,000	~2,186	~36,000	~540,000
 Singapore	9.2	>750,000	>12,500	~2,200	>50,000
 South Korea	60	>11,000,000	~5,400	>20,000	500,000
 Taiwan	20.2	4,325,000	4,671	10,902	295,010
 Thailand	16	~13,000,000	~1,200	~36,000	~550,000

The Expanding International Schools Market

The international schools market in Asia is expanding. New and existing international schools are interested in sourcing the best and most innovative learning solutions. In China, expansion is driven by the growth of new bilingual schools.

Top Educational Trends Emerging in Asia

Artificial Intelligence

Machine Learning benefits teachers and students in different ways, including task automation, data analytics and smart tutoring by virtual teachers.

Immersive Education

Virtual Reality, Augmented Reality and Mixed Reality provide innovative ways for students to learn 'outside' the traditional classroom by accessing remote places and rare things.

Mobile Learning

With the aid of online learning platforms and materials, learning and teaching is able to take place anytime and anywhere.

Future Skills and Mindsets

Education focuses on not only academic knowledge but also students' capabilities and competencies for both thriving and surviving in the future.

Student-centred Learning

Teachers' roles have changed from instructor to facilitator, helping unleash students potential by catering for their individual learning needs.

- Student Assessment Services / Solutions

How LTE Helps Your Business Grow

Enhance Brand Awareness

Introduce your brands and products through the comprehensive marketing campaigns to over 100,000 school leaders, teachers, distributors and buyers in the Asia-Pacific Region.

Demonstrate Products and Services

Showcase and demonstrate your solutions to more than 15,000 regional school leaders and teachers at your booth. Additional opportunities, including printed advertisements and a product showcase, are also available for enhancing your exposure.

Create New Business Opportunities

Meet your potential clients, including resellers, distributors and school buyers, from over 40 countries. Generate sales and business leads from government bodies, international schools and other educational institutions.

Exhibitor and Visitor Testimonials

'LTE is a great event and it provides a valuable opportunity for us to connect with our customers and partners. This year it is our first time to have a large booth at the event, and we have also had a forum gathering together over 100 school leaders. We have learned so much here!'

Mr Larry Nelson
Regional General Manager, Education, Microsoft Asia

'I am grateful to be here at LTE this year and I think it is a perfect platform for all the people involving in education to share experience and new findings. I will surely participate in LTE again in the future.'

Mr John C Tsang
Founder, Esperanza

2021 Show Floor Plan

2021 Show Highlights

Main Stage & Seminar Theatres

Renowned educators, government officials, academics, school leaders and education pioneers from around the world gather at the Main Stage to share their insights into the development of global education.

Frontline teachers, educators and educational suppliers demonstrate their latest education solutions, learning and teaching strategies, tools, resources and assessment methods. Topics cover different key learning areas, from early childhood education to K12, vocational training and higher education, as well as special educational needs.

Open Lessons and Hands-on Workshops

Practical experience is invaluable for a teacher's professional development. A wide range of open lessons and workshops are hosted by experienced teachers to demonstrate innovative and effective pedagogies integrating creative ideas and groundbreaking tools into lessons.

Student Project Showcases

LTE provides a platform for students to bring knowledge into practice through different activities, including InnoSTEMer — the outstanding STEM project showcase for students and teachers to show and tell their successful STEM cases and innovative achievements.

Startup & Business Zone

Education startups and SMEs present their latest innovations and mind-blowing ideas catering for the needs of the education community in the ever-changing education landscape.

The Asia-Pacific International Schools Conference (AISC) has become a must-attend event for international school leaders. 350 international school principals, educators and teachers from Hong Kong, Mainland China and the Asia-Pacific region attended AISC in 2019.

The 5th annual AISC was held in Hong Kong on 11 and 12 December 2019. It was organised alongside Learning & Teaching Expo 2019, in partnership with the English Schools Foundation (ESF) and supported by COBIS.

At AISC 2019, the conference programmes centred on five separate and concurrent streams: Innovation in Education, Inclusive Education, Business in Education, Coaching to Cultivate Learning Agency, Leadership in Education. The conference speakers and delegates shared their innovative learning ideas and the challenges they are addressing in their international school environments.

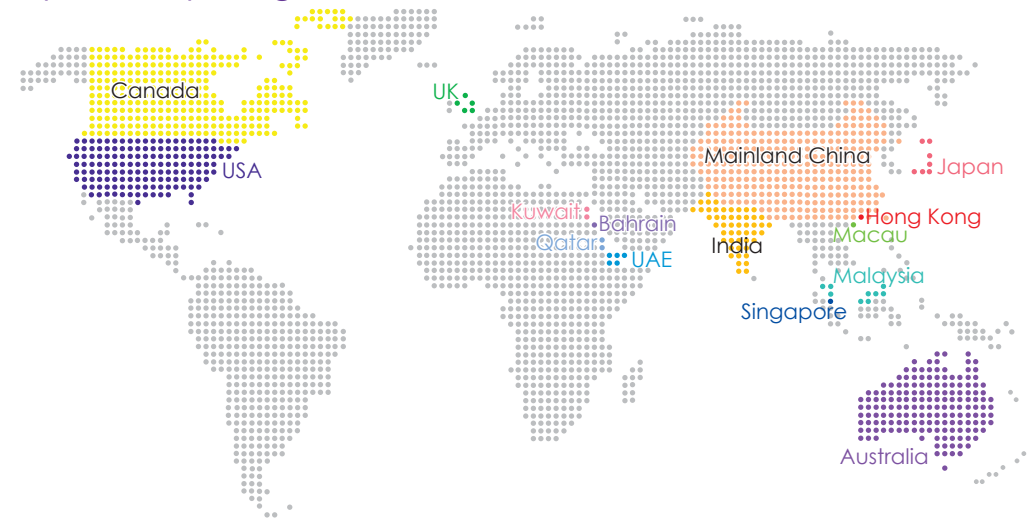

AISC 2021 will take place from 8 to 9 December 2021 at Hong Kong Convention and Exhibition Centre.

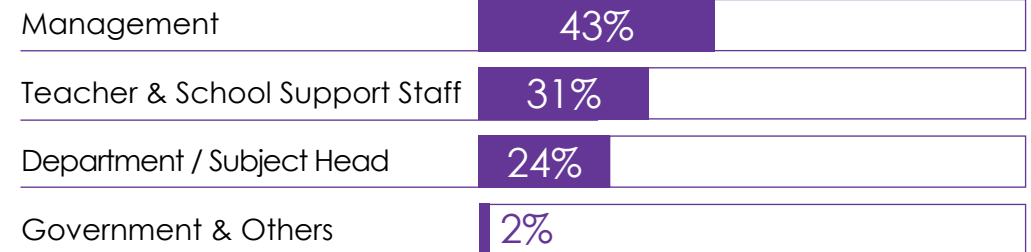

'I am very grateful to be invited to speak in the conference and I am very delighted to see the delegates being very committed and motivated, and I have had very good discussions with them. I am also impressed by the quality of the conference sessions, the good speakers and the overall engagement of the conference delegates.'

Dr Alexander Gardner-McTaggart
Manchester Institute of Education, School of Environment Education and Development, Faculty of Humanities, The University of Manchester

AUDIENCE BREAKDOWN By Country/ Region

By Work Title

'The conference is fantastic! We enjoyed attending the sessions talking about inclusion and we have got many teaching ways and approaches to be applied in class. Besides, the expo floor has also offered many great ideas for us to bring back to our school, not only for teachers but also administrative staff and students. I will definitely come back next year!'

Mr Scott Eder
Teacher, Yew Chung International School

Conference Highlights

Dr Alexander Gardner-McTaggart delivered his keynote presentation exploring educational leadership for international schools as being in a crisis of identity.

Ms Shelley Moore deconstructed what inclusive education means nowadays in her keynote presentation, followed by the discovery of the ideas and possibilities of inclusive learning communities and all who benefit.

Education pioneers, school leaders and frontline teachers shared their groundbreaking ideas and new findings aiming to improve learning and teaching experience.

Concurrent workshops and presentations at AISC enhanced speaker-audience interactions and the establishment of peer-to-peer communities.
