

A photograph of a busy London street scene. In the foreground, a white London taxi with a 'TAXI' sign on its roof is driving. Behind it, a red double-decker bus is visible. The background features historic buildings with arched windows and a large Union Jack flag hanging across the street. The text 'UK BROCHURE' is overlaid in large, bold, dark blue letters.

UK BROCHURE

GESS Dubai

Company name: British Educational Suppliers Association

Telephone: +44 (0)20 7537 4997

E-mail: besa@besa.org.uk

Website: www.besa.org.uk

Twitter: [@besatweet](https://twitter.com/besatweet)

BESA, the British Educational Suppliers Association, is the only trade association covering the entire UK educational suppliers' sector. It has a 90-year heritage serving the sector and represents over 400 suppliers, including 60 Launchpads, made up of manufacturers and distributors of equipment, materials, books, consumables, furniture, EdTech, ICT hardware and digital content-related services to the education market. Combined, they generate approximately £2bn of revenue each year.

BESA is dedicated to showcasing the world-leading educational products and services provided by British educational suppliers and providing support and advice to its members, the industry and to schools looking for the best resources and services. It founded the Bett show in 1985, the largest EdTech exhibition in the world, the Education World Forum in 2011 and has been running the LearnED Roadshow teacher CPD events since 2019.

BESA has a Code of Practice to which all members must adhere, along with a stringent membership process, both of which assure buyers of a high standard of quality in both product and customer service.

E-mail: hello@bedrocklearning.org

Website: www.bedrocklearning.org

Twitter: [@BedrOckLearning](https://twitter.com/BedrOckLearning)

Eight years ago, Bedrock Learning was created by two teachers to narrow the word gap and equip all learners with the language they need to truly thrive – both in school and beyond. Growing relentlessly, Bedrock has continued to develop and now offers a comprehensive curriculum designed to transform learning through literacy.

Bedrock is an impactful digital learning and literacy curriculum, designed to give learners of all abilities a personalised, interactive, cross-curricular experience. Over 900 schools around the world are transforming learning through literacy with Bedrock, equipping their learners with the knowledge they need to improve educational outcomes.

Encompassing vocabulary, grammar, subject-specific vocabulary, GCSE, IGCSE and International Baccalaureate content, the Bedrock curriculum offers schools and home educators a complete literacy improvement solution:

- The interactive curriculum promotes independence with literacy concepts, encouraging learners to apply them across contexts.
- Live dashboards reveal the progress and engagement of learners, delivering real measurable impact, while automated marking and activity setting combine to save valuable time for teachers.
- Adaptive technology creates a personalised learning journey, guaranteeing long-term retention.
- Imbued with a vast range of human-narrated original fiction and non-fiction, Bedrock introduces learners to a wide range of engaging texts to increase cultural capital while ensuring broader accessibility, supporting pronunciation and empowering EAL learners.

Company name: Classlist

Telephone: +44 (0)7557 130541

E-mail: toby@classlist.com

Website: www.classlist.com

Twitter: @goClasslist

Classlist is the world's largest school parent community app, used by 500,000 parents at schools in 35 countries. It offers the perfect platform for welcoming and including new families in your school community.

A safer alternative to parent WhatsApp groups, Classlist brings your new and existing parents together in an inclusive, secure and respectful way. The platform can also be used by your school parent association, who use it to communicate; organise events; collect money through Apple or GooglePay; manage fundraising; roster volunteers; run raffles; facilitate liftshares and create a parent marketplace.

Classlist is popular with International Schools where families join and leave throughout the year, and want to connect quickly with their community. It has been specifically designed to comply with new data protection requirements. Classlist was awarded StartUp of the Year at BETT, the world's largest Ed Tech conference.

"A powerful way for new families joining the College to connect in with our existing parents"
(Parent Association Chair, United World College, Singapore).

"We've been really delighted with the way Classlist has helped us to engage with the parents"
(Principal, St George's British International School, Rome).

E-mail: info@everybodycounts.org.uk

Website: www.everybodycounts.org.uk

Twitter: @EVERYBODYCOUNTS

Everybody Counts, firmly believe that every child deserves access to a world-class education, regardless of their socio-economic status, background, location, race, or beliefs. We provide this through a complete Primary online learning program/curriculum for ages 3-11, using the Maths Mastery approach which is universally proven to be the best method of teaching Maths.

The program is designed in modular format to fit with any Curriculum, and will support students allowing them to progress rapidly. It features an interactive interface that can be utilized by teachers at the front of the classroom or by individual students on various devices such as laptops, tablets, or phones. Each lesson is engaging, interactive, and fosters the development of leadership skills and life skills essential for future employability.

Embracing the principles of inclusive education, our program incorporates diverse characters, neuro-diverse friendly fonts and formatting, and the ability to use local currencies. Additionally, it can be effortlessly translated into any language, ensuring accessibility for students worldwide.

Complementing our differentiated CPD resources provided to support schools and teachers, we offer comprehensive lesson plans that guide teachers with suggested questions, saving them countless hours of preparation time and empowering them to deliver world-class mathematics lessons.

Together with the parents support program that enables children to receive additional assistance at home, whilst practicing "real life" skills.

By combining these resources and ensuring the school, teachers and parents work together, we enable students' to deepen their mathematical knowledge and understanding while improving overall outcomes.

In addition to this we provide KHDA accredited training for all areas of Maths Mastery and Maths teaching, across the MENA region, please contact us if you are interested in this

Company name: FlashAcademy

Twitter: [@HappyConfidentC](https://twitter.com/HappyConfidentC)

The Happy Confident Company brings together teachers, therapists, psychologists to develop success-driven programmes, tools and strategies that equip today's children with the tools to cope with the pressures they are facing.

We believe that prevention is key, equipping children, from the early years, with the social and emotional skills that will help prepare them for life. Our extensive, modular, ready-to-go schools programme supports four key areas:

- Social Emotional Learning
- Gratitude & Reflection
- Life Skills & Self Development
- Mindfulness & Connection

Each of our leading-edge programmes will effortlessly integrate with the school day and curriculum, include all teaching materials, notes and guidance, activities and materials ready-written for ages 4-13. What makes us different is our science-backed approach, married with our highly engaging, video-led programmatic style lessons that can be delivered in just 10 minutes a day, at the touch of a button.

Approved by Clinicians. Endorsed by Teachers. Loved by Children.

Company name: White Rose Maths

Telephone: +44 (0) 1422 433323

E-mail: marketing@whiterosemaths.com

Website: www.whiteroseeducation.com

Twitter: @WhiteRoseEd

White Rose Education delivers high quality, evidence-based resources, CPD, workbooks, tools, advice and guidance for teachers who want to make science and maths teaching the most impactful it can be. All White Rose Education materials and training are created by our own specialist team of maths and science teachers; created by teachers, for teachers.

We aim to transform education through innovative approaches leveraging technology and collaboration to ensure that every individual, regardless of background or location, has access to world-class educational opportunities.

We provide all our schemes of learning completely free to everyone. Our schemes are written for year groups and cover the whole school year of learning. Each year is split into three terms (autumn, spring and summer), and each term comprises individual blocks of learning about a particular topic. We've divided each block of knowledge into a series of small learning steps. Together, these small steps cover all the curriculum content that children need to know.
